

## **Round 3 Somerville Covid-19 Small Business Relief**

### **Frequently Asked Questions**

**Q: I received an award for Round 1 or Round 2. Can I still apply for Round 3?**

A: Yes. This is separate round with different rules. So long as you meet the program guidelines you can apply and receive an award.

**Q: Does this round have the same job creation and low-mod income requirements that you had for Round 1 or Round 2?**

A: No. We're not funding this program with the same federal funds that are subject to federal job creation rules. As a result, this program should prove to be much more flexible.

**Q: Will awardees be selected by lottery, just like in Round 2?**

A: No lottery this time. The program is limited only to restaurants, gyms and indoor recreation businesses and this pool is substantially larger. There should be enough money to provide meaningful funding to almost all businesses that qualify.

**Q: Do I need to fill out a new application if I applied in the last round but did not get funded?**

A: Yes, you will need to reapply.

**Q: I'm getting an error message about \*required questions when I submit my application. What do I do?**

A: Occasionally there are compatibility issues when using JotForm in a Mozilla Firefox browser. If you are getting an error message about required questions, but you have answered them, try using a different browser (Google Chrome, Internet Explorer) to complete your application.
